Defibrillator. The PCC has agreed to purchase one of these life saving and life changing machines. We are in negotiations with both the Diocese, as our building is Grade 2 listed by English Heritage and also by the local city council planning department. Our expectation is to locate the defibrillator on the outside of the building in Princes Place by the unused doors. The cost is approx. £1,500. We have been kindly offered £500 to start our funds off. During the month of October, we will be collecting monies to purchase this. In the first instance, it will be located inside the church until external permissions have been granted. Thank You Fr D. x
